4. Describe how your project supports the priorities of the RI Strategic Plan:

- a. Support and Strengthen Clubs
- b. Focus and Increase Humanitarian Services (especially related to New Generations Programs and the Areas of Focus)
- c. Enhance Public Image and Awareness

Many people join Rotary only after seeing firsthand the spirit of fellowship at club meetings and the commitment to community service.

Each of Taiwan's 7 districts is an advocacy organization dedicated to fighting extreme poverty and preventable disease, that work together to pursue mutual goals and increase humanitarian service.

Our projects will reach beyond anything that our club & Taiwan's 7 Districts have done before. Events will be publicized in our local media. The project will allow other clubs & Taiwan's 7 Districts to apply for an RI Public Relations Grant to promote Rotary on a larger scale.

So our Programs will tell us:

- 1.) The importance of picking up the phone and inviting a friend, colleague, client, or service provider to a meeting.
- 2.) How to take a survey of club members to determine what the club does well, what it could do better, and what else it could be doing.
- 3.) How to schedule a board meeting to discuss the results and determine a plan of action.
- 4.) How to use RI resources to create a long-term vision for our clubs in Taiwan's 7 districts.

And also using the strategic plan provides a framework for setting goals and ensures continuity. I think that we can also help our clubs to increase membership, enhance Rotary's public image, and carry out more effective projects.

**Remark:**

**\*\*Our projects would like 3 booths (put together) if spaces are available.\*\***
